## Terms of Payment:

Bills for gas service are rendered net and are due and payable upon receipt. A late payment charge at a rate determined by the MPUC will be assessed on all balances that remain unpaid at the end of the billing period, said period will be no less than 25 days from date of postmark on your bill.

## Definitions:

**Customer Charge:** The costs of providing services such as metering, billing and account maintenance. These are fixed costs and are not affected by the amount of natural gas you use.

**Distribution Charge:** The cost of delivering natural gas through our pipes to your home or business. It includes our investment in, and maintenance of, the pipe and other equipment that makes gas delivery possible. The distribution charge also includes the RLIP (residential low income program cost).

**EERA:** The costs of energy efficiency programs.

**ERC:** The costs of environmental remediation programs.

**Cost of Gas:** The cost of the natural gas we supply to you, if you have not chosen another supplier. This charge includes the cost we pay for the gas, the cost of interstate transportation, and our cost of storing the gas.

**Supplier Charge:** The charge to transportation customers for gas you purchased from another supplier.
