

# TAKE CONTROL OF YOUR ENERGY USE

## WITH REBATES & INCENTIVES

Energy-efficient construction, appliances and products add to your comfort and can reduce your monthly energy costs. We are proud to be a part of these efforts and encourage you to explore savings available to you through your state's program:

Mass Save® is a collaborative of Massachusetts' electric and natural gas utilities and energy efficiency service providers empowering residents, businesses, and communities to make energy efficient upgrades by offering a wide range of services, rebates, incentives, trainings, and information.

Visit [MASSSAVE.COM](https://www.masssave.com) to learn about available programs.

NHSaves is a collaboration of New Hampshire's electric and natural gas utilities working together to provide NH customers with information, incentives, and support designed to save energy, reduce costs, and protect the environment.

Visit [NHSAVES.COM](https://www.nhsaves.com) to learn about available programs.

If you are a Maine natural gas customer, you are eligible to participate in Efficiency Maine programs that save energy and money. These programs also offer rebates for energy improvements.

Visit [EFFICIENCYMAINE.COM](https://www.energymaine.com) to learn more.

Visit [UNITIL.COM/REBATES](https://www.unitil.com/rebates) to see what programs and rebates are available to you!

## FALLING BEHIND ON BILLS?

If you are struggling to pay your bills or are already behind, please don't go it alone. The programs below are designed to help!

- ✓ **BUDGET BILLING:** Enjoy the convenience of fixed monthly payments throughout the year. To find out more and to enroll, visit [UNITIL.COM/BUDGET-BILLING](https://unitil.com/budget-billing).
- ✓ **PAYMENT PLANS:** We offer a variety of payment plans that can help lower the overall month-to-month impact and create a manageable path forward. To learn more, visit [UNITIL.COM/PAYMENT-PLAN](https://unitil.com/payment-plan).
- ✓ **STATE-SPECIFIC PROGRAMS & ASSISTANCE:** There are several programs available for qualified customers to increase energy efficiency and manage energy costs. To find programs in your area, visit [UNITIL.COM/ASSISTANCE-PROGRAMS](https://unitil.com/assistance-programs) or call 211 to learn more about assistance services in your region.

YOU CAN ALSO SPEAK DIRECTLY TO A CUSTOMER SERVICE REPRESENTATIVE AT 1-888-301-7700.

## DIY: Clean Your Refrigerator for Max Efficiency

Cleaning the fridge is essential for optimal energy and cooling performance (and for your health and wellbeing!). Remember these tips:

**INSIDE:** Before you start, turn off the power or unplug your appliance and remove all food and store it in coolers. Clean thoroughly with a non-abrasive cleaner.

**OUTSIDE:** Take a few moments to clean the door seals, doors and handles with a mix of mild dish soap and water, then dry everything thoroughly (especially the door seals).

**UNDERNEATH:** Cleaning the condenser coils regularly can help regulate your fridge temperature and help prevent food from freezing in your fridge. Using a specialized cleaning wand, gently sweep under the bottom of your refrigerator to clean the condenser coils.

For more DIY energy saver projects, visit: [WWW.ENERGY.GOV/ENERGYSAVER/DO-IT-YOURSELF-ENERGY-SAVERS-PROJECTS](https://www.energy.gov/energysaver/do-it-yourself-energy-savers-projects).

## NOTIFY DIG SAFE BEFORE YOU DIG!

Spring is finally here, and many of us can't wait to get out there and start breaking new ground! But remember there's a whole network of utility lines and pipes running underground, delivering water, power, natural gas, and other services to your area. Damage to any of this infrastructure could be very costly and potentially dangerous. By law, anyone planning to excavate is required to notify Dig Safe® at least three working days (72 hours) before any disturbance begins.

For more information on Dig Safe, visit [UNITIL.COM/DIGSAFE](https://unitil.com/digsafe)
